Montana Non-Contracted Provider Lien

Montana Code title 71, Chapter 3, Part 11 - Liens of Certain Health Care Providers establishes lien rights for certain non-contracted physicians, nurses, physical therapists, occupational therapists, acupuncturists, chiropractors, dentists, hospitals, optometrists, naturopathic physicians, podiatrists, ambulance services, rehabilitation facilities, long-term care facilities, and outpatient centers. These lien rights are for surgical services, and for the value of services rendered and products provided for the diagnosis and treatment of medical conditions. This code also establishes lien rights for psychologists, licensed social workers, and licensed professional counselors for services rendered and products provided when a person receives treatment.

If you submit a lien notice to Aetna, please send your claim and required lien notice together and not separately. This will help to ensure the proper handling of your claim and lien notice.
