

Precertification info for Fully Insured Rhode Island Sitused Plans

Under Rhode Island law, an insurer may not impose a prior authorization requirement for any admission, item, service, treatment, or procedure ordered by a primary care provider in the normal course of providing primary care treatment.

In addition, if part of the service performed constitutes routine primary care and was ordered by a PCP, the services listed below **do not require precertification**, even though the services may normally appear on Aetna's National Participating Provider Precertification List.

Service	Applicable Codes
BRCA Genetic Testing	81162, 81163, 81165, 81212, 81215, 81216, 81217, 81432
