

January 31, 2024

## There are upcoming changes to your plan's drug coverage — and we want to be sure you're ready

Starting **April 1, 2024**, you'll see changes to the drugs your **Advanced Control Plan** covers. It's important that you review the changes in the chart enclosed. Talk to your doctor about how these changes might impact you.

### **Find out how to keep your costs low**

If the status of your current drug is changing, you may pay more for refilling them on or after April 1, 2024. So, we want to make sure you understand your options and what to do next.

### **What to do if your drugs are changing**

Talk to your doctor to find out if changing to a preferred drug is right for you. If they agree, have them send a new prescription to your pharmacy so it's ready for you to fill.

Your doctor may decide it's best for you to stay on your current drug. If so, they can ask for medical exception. Or you can call us at the number on your member ID card to request one. If approved, you'll still pay your plan copay or cost-share, after you meet your plan's deductible or out-of-pocket requirements.

### **Need more support? We're here to help.**

- Visit the website listed on your member ID card to view your current plan details.
- Call us at the number on your member ID card.

# Changes beginning April 1, 2024

On or after this date, log in to your member website. Here, you can search for and estimate the cost of your drug(s). You can also find options that may cost you less. Keep in mind, these costs will depend on several things, like where you are with your deductible.

The changes listed in the charts below are based on your plan information as of the date of this letter.

**UPPER CASE** = brand-name medication

**lower case** = generic medication

\*Class has existing formulary exclusions

\*\* Multi-source Brand Product
