CORRECTION: Reimbursement for modifiers SA and SB

This article corrects information we ran in January 2025.

This update applies to both our commercial and Medicare members.

In our January edition of OLU, we indicated that, effective April 1, 2025, we would pay eligible services at 85% of allowed for modifiers SA (nurse practitioner) and SB (nurse midwife).

We will not be moving ahead with that change, and we apologize for the confusion.

Note to Texas providers: Changes described in this article will be implemented for fully insured plans written in the state of Texas only if such changes are in accordance with applicable regulatory requirements. Changes for all other plans will be as outlined in this article.

You can always find this information on our provider portal on Availity.*

You can also use our Code Edit Lookup tools on Availity®. Just go to **Payer Space > Applications > Code Edit Lookup Tools.** Keep your Aetna provider ID number handy to access them.
